- Including removable and adjustable lumbar and neck cushion

What's in the box

- Chair
- Neck cushion
- Lumbar cushion
- Installation tool & materials
- User guide
- Gaming sticker

Optimal Comfort Improves Your Game

The Resto gaming chair in red comes with two removable and adjustable cushions to provide optimal comfort, allowing you to keep on top of your game for hours. The lumbar pillow provides your back with extra support and relief. The neck cushion releases tension and doubles as a headrest.

Adjustable to Your Desires

The gaming chair is 360 degrees rotatable and fitted with a class 4 gas lift, which allows you to adjust the seat's height from 47 to 54.5 cm. This premium gas lift is durable, reliable, and the strong metal base frame supports up to 150 kg of weight. The back rest is adjustable through 90-180 degrees, meaning you could even put the back rest flat for a quick rest after a sweeping victory!

Perfect Fit for Every Gamer

The armrests' height is adjustable which may help to avoid neck pain. In addition, you're able to place your arm exactly how you wish and improve your grip when controlling your mouse and keyboard.

Tiltable Seat with Locking Possibilities

The seat can be tilted and locked for even more comfort. Simply tilt the seat forward to reduce pressure on your legs, or tilt it backwards to properly align your spine to prevent back problems.

GENERAL

Ergonomic design	True	Max. weight	150 kg
Height of main product (in mm)	1340 mm	Width of main product (in mm)	740 mm
Depth of main product (in mm)	660 mm	Total weight	20500 g
